

To Whom It May Concern:

As Headteacher of Pendle Vale College I am writing to throw the full support of myself and all at Pendle Vale College behind the proposed, exciting new development of the Steven Burke Sports Hub.

As the College in Pendle with Specialist Sports status and the hub for the Pendle Schools Sports Partnership for the local Primary and Secondary schools, we are 100% behind any venture that increases the participation, at all levels, amongst young people in cycling.

We are starting up a new cycling initiative here at Pendle Vale College and have invested significantly in a large number of bikes and equipment. There is no doubt that we will take full advantage of any opportunity to utilise what sounds like an excellent resource for the area at Swinden Playing Fields.

As a BSF school we had hoped that we could have developed a cycling track on our premises. Unfortunately for a variety of reasons, this never materialised. I was therefore extremely pleased when I became aware of this proposal. I hope serious consideration will be given to bringing into place what would be a superb fully utilised facility here in Pendle.

If I can be of any further assistance please do not hesitate to contact me.

Yours sincerely

Mr S Wilson
Headteacher
Pendle Vale College
