Dear Tricia

### **PROPOSED STEPHEN BURKE CYCLE HUB**

I confirm my support for the bid for the Stephen Burke Cycle Sports Hub. The proposed cycle race track will act as a base for local cycle clubs, including junior, school and disabled cycling groups. It will help us develop cycling in the area, encouraging people to cycle in the area helping us to promote cycling as a means of transport and promote physical activity.

It is fitting that the proposed cycle track is named after Stephen Burke an Olympic gold medallist from the local area. The proposals have been put together by volunteers and it would be excellent to see their project come to fruition. It would be a first class facility for the people of Pendle and Pennine Lancashire.

Yours sincerely

Alasdair Simpson  
Senior Cycling Officer
